THE INVADERS DEPART.

British Warships Sail Away from Nicaragua's Chief Port.

THE EFFECT OF BRITISH BLUFF.

It Will Probably Result in the Formation of a Defensive Alliance Among the Central American Republics as a Protest Against Oppressive Measures.

MANAGUA, Nicaragua, May 6.—The Nicaraguan government having, through the Salvadorian minister at London, accepted the modified ultimatum of the British government, the dispute between the two countries is practically at an end.

On Saturday orders were cabled from London to Rear Admiral Stephenson, commanding the British squadron at Corinto, directing him to evacuate the port yesterday. The warships presented a scene of orderly bustle this morning, giving evidence that something out of the usual course was going on. Boats passed frequently between the shore and the vessels, the little midshipmen in charge wearing an air of greater importance than usual. They were evidently bearers of communications to Captain Trench, of the Royal Arthur, who, upon the seizure of Corinto, had been appointed by Admiral Stephenson governor of the port. The force originally landed by the British to hold the place was four hundred blue jackets and marines, but on Friday, when it became known that the tension had become relaxed, these were removed, with the exception of fifty-eight marines and their officers.

Shortly after the flag denoting that religious services were in progress on board the warships was hauled down the marines, who had been drawn up in front of the custom house, were ordered to return to their ships. A few minutes later the British flag was hauled down from the government building and soon the soil of Nicaragua was rid of the British invaders, and the long strokes of the sailors were sweeping the heavy boats to the warships lying in the harbor.

Hundreds of persons assembled along the shore to see the embarkation of the marines, and a cheer went up as the noses of the boats headed harborward.

The warships were soon riding at short cables, but their departure was delayed by the tide, which did not serve until the afternoon. It was expected that the flagship would depart with the other two vessels of the fleet, but when the water was high enough on the bar to permit of the passage of the vessels only the Wild Swan and the Satellite got under way, and with the red ensign of Britain snapping in the breeze stood out to sea. The flagship, the Royal Arthur, paid out her cable again, and this fact was believed to confirm a report that she would salute the Nicaraguan flag when the government repossessed itself of the port.

As has before been stated in these dispatches, Nicaragua has agreed to pay $77,500 demanded by Great Britain for the expulsion of Pro-Consul Hatch and for other alleged damages to British subjects arising from the recent troubles in the Mosquito reservation, but instead of paying the money at the cannon's mouth, as the British government originally demanded should be done, she will pay it in London fifteen days after the last vessel of the British fleet withdraws from Corinto. There are other questions of damages to British subjects to be settled, but Nicaragua believes that if these questions are submitted to an impartial commission the judgment will be rendered in her favor.

Well authenticated reports have reached here that Chief Clarence, the deposed ruler of the Mosquito reservation, who is now in Kingston, Jamaica, is the recipient of £5 a day from the British government, and these reports do not tend to allay the popular animosity against Great Britain, it being held that she would not take such an interest in Clarence if she did not have ulterior designs regarding him. It is broadly stated that Great Britain intended to restore him to his chieftainship, but to do so now she would have to despoil Nicaragua of the territory formerly ruled over by him, which a few days ago was incorporated as a state, which was named Zelaya, in honor of the president of Nicaragua.

In well informed circles it is not believed that Great Britain will ever attempt to restore Clarence under the present status, since, should they endeavor to do so now, it is thought that the United States would interfere to prevent what would practically amount to a confiscation of territory.

The action of San Salvador in guaranteeing the payment of the indemnity, as, in fact, her course throughout the whole dispute, is very favorably commented upon in official circles, and it is believed that an entente will be established that will lead to results beneficial to both countries. It would not at all be suprising if this trouble with Great Britain should result in the formation of an alliance between the several Central American states for defensive purposes.

There is no denying the fact that the attitude of Great Britain in her treatment of Nicaragua and in her dealings with other small powers has caused an awakening among the Central American republics to the danger to which they are exposed from British aggression. There is a strong belief here that Great Britain will never submit any question that may arise between herself and the Central American states to arbitration, but that she will herself sit in judgment on the question, and then proceed by force of arms to enforce her own decree. Not for years has there been such unanimity of opinion among the Spanish-American republics.

If such a union could be definitely arranged and the terms be put into force a severe blow would be dealt to British trade, and eventually the British government would find that its treatment of Nicaragua had cost it a sum of money far in excess of the small money that she demanded from Nicaragua.

ASHLAND, Pa., May 6.—Martin Boylan, aged 26 years, employed as a driver at the Monitor colliery, was caught between a mine car and props and instantly killed.

PENNSYLVANIA LEGISLATURE.

It Is Now Believed the Lawmakers Will Adjourn on June 6.

HARRISBURG, May 6.—The legislature will probably wind up its affairs the first Thursday of June. The members have become tired of the daily grind of routine work and are anxious to get away. The senate calendar is in good shape, and, if necessary, can be cleared of all bills within forty-eight hours. The house took a spurt last week and cleaned up the calendar of first and second reading house bills. There are less than fifty senate bills on second reading, and about 200 house bills on third reading on the house calendar. This is equal to about eight days' work of six hours a day. Speaker's Clerk Huhn says it is the first time within his legislative experience of thirty four years that the house calendar was clear of second reading house bills the first week of May.

Chairman Marshall, of the house appropriations committee, expects to report next Thursday about forty appropriation bills for state institutions. They will aggregate about $4,500,000, a heavy reduction over two years ago. The managers of the state institutions have hitherto received a lot of extras that they will not get this year.

Nothing has yet been done by the legislature to increase the state revenues. The house ways and means committee will report tomorrow the Cochrane bill taxing brewers twenty-four cents a barrel for all beer brewed or sold within the state. This would raise an annual revenue of about $900,000. If such a law is passed nothing can be realized from it for a year.

It will probably be determined this week whether or not Philadelphia is to be "Lexowed." The senate judiciary general committee is expected to take final action tomorrow evening on the Penrose resolution for a senate committee to investigate the municipal affairs of the Quaker city. The same afternoon the opponents of the proposed investigation will be given a hearing by the committee.

Miss Ford Not a Murderess.

TORONTO, Ont., May 6.—The Clara Ford murder trial resulted in a verdict of not guilty. Last October young Frank Westwood was shot on his father's doorstep. The detectives followed up a clew which led to the arrest of Clara Ford, who was said to have disguised herself as a man and shot Westwood out of jealousy. Counsel for the defense brought forward evidence showing that on the night of the murder Clara Ford was at the Toronto Opera House. The jury, after a long absence, brought in a verdict of not guilty and Clara Ford was given her freedom.

Four Persons Drowned.

DETROIT, Mich., May 6.—The opening of the season of acquatic pleasure was marked here yesterday by the drowning of four persons. At 3 o'clock in the afternoon John Moriarty, aged 16; Frank Connolly, aged 14, and four other youths were swimming in the Rouge river, when Connolly was taken with a cramp. In sinking he clutched Moriarty's leg, and both were drowned. The bodies were recovered later. At 5:30 p. m. a sailboat containing George H. Baugh, his wife and brother-in-law, George Emmons, was capsized in the Detroit river off Sandwich Point. Mr. and Mrs. Baugh were both drowned. Scuffling by the men in the boat was the cause of the accident.

Fight with Hostile Indians.

SPOKANE FALLS, Wash., May 6.—The expected hostilities have begun between the settlers of the Kalispell valley and the renegade Indians. Three settlers, William Jared, "Bill" Jared and Oscar McLaughlin, were attacked by a band of the redskins. Big Sam, the leader, knocked William Jared down with a crowbar, but after a short fight with the Indians the whites reached their boat. From there they fired on their assailants and killed one.

Talk of Lynching in Delaware.

MILFORD, Del., May 6.—James H. Williams, who assaulted his daughter, and for whom officers have been searching for several days, was arrested about six miles from here by Detective Witsel. He was hiding in a swamp. The feeling against Williams is intense, and there is much talk of lynching. He will be sent to jail at Georgetown.

FOREIGNERS IN DANGER.

The Notorious Black Flags of China Again Threatening.

JAPAN WILL YIELD TO THE POWERS

Willing to Give Up All Claims to the Island of Formosa on the Payment of a Larger Indemnity—No Hope of Reform in China.

LONDON, May 6.—The Times has a dispatch from Pekin saying the fact that the emperor has ratified the treaty of peace with Japan is known to only a few Chinese. No edict in regard to the matter has been issued. Prince Kung, president of the Tsung-Li-Yamen, urged the emperor to ratify the treaty. Many Chinese would have preferred that the Japanese reach Pekin before the peace conditions were agreed to, as the Chinese government would then have been compelled to initiate reforms, whereas, under the present circumstances, there is small chance of any reforms being made.

A Hong Kong dispatch to The Times states that the governor of Formosa says that its cession to the Japanese will produce a rebellion. He declares that he has lost all control of the soldiers, and foreigners must save themselves. The leader of the Black Flags has appealed to his men to carry out his original orders to prevent the Japanese from landing on the island. Placards written by the literati have been posted in conspicuous places and circulated among the people, calling upon them to resist the Japanese, and saying that if the island is to be ceded to any nation they prefer that it should be given to Great Britain.

The Black Flags are predatory, irregular forces. They are not on China's pay, though sometimes she has a little authority over them. Warfare is their profession. They depend upon it for bread, and they raid and rob Chinese and others indiscriminately. They have no law but the commands of their leaders. They are much bolder and more warlike than the average Chinaman, and have little fear of death. The French were greatly troubled by them in Tonquin.

It is said if the Chinese can turn the Black Flags upon any specially hated enemy they consider it a great stroke of enterprise. It is also said that when the French, during the Tonquin campaign, sent an officer to Tientsin to complain to Viceroy Li Hung Chang against the outrages of the Black Flags, and to demand that he secure their punishment, the viceroy said that ~~he had no more control~~ over them than the French had; they were robber scamps, and China disavowed them. China would be delighted if the French caught them and beheaded them.

A dispatch from Paris says The Temps has a telegram from St. Petersburg stating that Japan has replied to the friendly protest of Russia, Germany and France. Japan agrees to renounce possession of the Liao-Tung peninsula, but says she will retain Port Arthur. This compromise leaves intact all the dangers that the powers wished to avoid. Fresh representations have been made to Japan, and the negotiations are actively proceeding. Japan will probably yield Port Arthur, though demanding to hold the place temporarily, which the powers will concede.

A Berlin dispatch says that nothing has occurred to diminish the hope of an amicable settlement of the trouble in connection with the Chinese-Japanese peace treaty, though it would be difficult to say upon what basis it will be. It is probable that the compensation to Japan for foregoing possession of the Liao Tung peninsula will be the payment by China of an increased indemnity.

Jabez Balfour's Return to England.

SOUTHAMPTON, May 6—Jabez Spencer Balfour, the ex-member of parliament who has gained world wide notoriety through his connection with the collapse of the Liberator Building society and other allied concerns, and by the long continued efforts of the British government to secure his extradition from Argentina, whence he fled, arrived here at midnight from Buenos Ayres on board the steamer Tartar Prince. His arrival caused the greatest excitement, and every precaution was taken to protect him, it being feared that some of his many victims who were completely ruined by the failure of the building society would attempt to assail him. The dock was closed to the public and Balfour was placed on board a special train and taken to London.

Fatal Storm in Alabama.

BIRMINGHAM, Ala., May 6.—A severe wind and rain storm passed over the southern part of Cullman county, sixty miles north of here, yesterday afternoon. The wires are all down and details are meager. Many buildings were either blown down or damaged, so it is reported, and crops destroyed. It is said that two miles west of Haneville the house of James Ellis was blown down and all his family of six persons were badly hurt, an 11-year-old son having since died. The damage to the fruit crop was heavy.

Another Protest from Minister Terrell.

CONSTANTINOPLE, May 6.—Mr. Terrell, the United States minister, has lodged a protest with the porte against the decision of the court of cassation in quashing the sentence of death passed on the man Mustapha, who ran amuck in the Pancaldi quarter, for the murder of Mr. Stripe, a naturalized American citizen, in January last.

Field Laborers Struck by Lightning.

CHICAGO, May 6.—During a heavy rain storm lightning struck a party of field laborers at East Prairie, near Nile's Center. Herman Spandikow was instantly killed and his 16-year-old son badly hurt.

SWEPT BY FOREST FIRES.

Great Damage to Property in Northwestern Pennsylvania.

BRADFORD, Pa., May 6.—The most destructive forest fires known in this section for years have raged for the past week. Yesterday morning a fire started between Glen Hazel and Ketners. Dollivar's large sawmill, located between these points was soon destroyed, together with 10,000,000 feet of lumber, an engine house, sixteen cars of lumber and coal, eight dwellings, an oil well and several acres of timber land. A special train consisting of a steamer and a large force of firemen with hose was sent from here to the scene of the conflagration. The firemen were unable to do more than to prevent the fire from approaching the town, and succeeded in diverting the course of the flames.

Everything in the woods is as dry as tinder, and the leaves and underbrush furnish abundant fuel for the blaze. The flames are going up the hillside at a rapid rate, and destroying everything in their path. The sky is black with a stifling smoke, and the flames shoot up as high as the tops of the trees. It was with difficulty that the inmates of buildings escaped with their lives. One man had his shoulder broken and another was injured internally while jumping from one of the buildings. In another house lay a woman who had given birth to a child twenty-four hours previous. She was rescued from the flames with much difficulty, and it is feared will die from fright and exposure.

A dispatch was received from Glen Hazel asking for more help, and twenty-five firemen, with hose, were sent by special train. It is feared that the fire was about to cross the east branch of the Clarion river and wipe out the town of Glen Hazel. The woods along the Erie railroad between Ketners and Bradford are on fire, and it is feared the loss to oil and lumber property will be great.

Fires are raging between Rixford and Farmer's valley on valuable timber lands, and large quantities have been destroyed. The Columbia oil company's property is now threatened. Between Crawford Junction and Riterville a fierce fire is raging on both sides of the Erie track.

THE IOWA CYCLONE.

First Reports Exaggerated the Loss of Life and Property.

SIOUX CITY, Ia., May 6.—Order is coming out of chaos in the narrow district of Sioux county which was swept by the tornado of Friday afternoon. Prompt aid has made the survivors of the devastated country as comfortable as possible. Nearly all the dead are now buried, and none of the injured are thought to be fatally hurt. The Journal's staff representative who ~~went all over the ground swept by the~~ storm says that $10,000 will cover the property damaged, including outbuildings and houses.

In a few places the crops are seriously damaged, though grain was not as a rule up far enough to be killed or to be dislodged by the wind. The principal injury in the fields was by the plastering of mud which they received. This mud shower was a prominent part of the phenomena of the storm, but it seems that the power of the wind simply scooped up the black, wet earth from the surface in several places and destributed it over other fields.

The correct list of dead numbers ten. None have died since Saturday. About twenty persons were injured in Sioux county. In the whole of the territory covered by the tornado but three farmers were renters. All the rest are well to do, and some are wealthy.

Bank Officials to Stand Trial.

BINGHAMTON, N. Y., May 6.—Ex-Cashier Tracey R. Morgan, of the Chenango Valley Savings bank, was held for trial in $10,000 bonds under nine indictments for forgery in the third degree, two for grand larceny in the first degree and two for perjury. Brownson, president of the bank, was placed under $5,000 bonds to answer with Morgan to the charges of burglary in the third degree and grand larceny in the first degree.

Judge White Wins His Contest.

INDIANA, Pa., May 6.—The contest court in the Blair-White judical election fight decided in favor of Judge Harry White, the Republican candidate. There is some talk of possible prosecution of White on a charge that he committed perjury in taking the oath of office, but the chances are that Harry White will be on the bench for ten years.

Resumed After Five Months' Idleness.

BELLEFONTE, Pa., May 6.—The large blast furnace of the Valentine Iron company was lighted today, after an idleness of five months. All the stock on hand has been sold, and sufficient orders have been received to keep the furnace in operation for six months.

Trying to Save Murderer Price.

DENTON, Md., May 6.—The wife of Marshall Price, the convicted murderer of Sallie Dean, will endeavor to save her husband from the gallows. Exceptions will be filed, and the case will be carried to the court of appeals.

NUGGETS OF NEWS.

Thieves entered the only bank in Orion, Ills., yesterday and secured $5,000, with which they escaped.

At Stevenson, Ala., Andy Hames fatally shot James Swats, a popular locomotive engineer. Hames was pursued by citizens and riddled with shot. Both will die.

Farmers of San Joaquin and adjoining counties in the great California wheat belt are complaining about the ravages of a new grain destroying insect.

While fishing on Lewis' Lake, near Fort Collins, Colo., Robert Craig, Gus Carsrude and three of Carsrude's children were drowned by the boat capsizing.

A joint debate on the silver question has been arranged between ex-Congressman Bryan and Professor Laughlin, of the University of Chicago, to take place in Chicago.

The decomposed body of 18-year-old Rufus Choate, son of a wealthy real estate owner of Buffalo, who disappeared Jan. 6, was found in his father's barn yesterday. He had committed suicide.

A PEACEFUL ENDING

To the Uprising Among North Dakota Halfbreeds.

DETERMINED MARSHAL CRONIN.

He Prepared for an Attack on the Rebellious Halfbreeds, Who Wanted Further Time to Hear from Washington, but Were Informed That It Was Too Late.

ROLLA, N. D., May 6.—The half breed rising has been squelched, and without loss of life. Marshals came here on Saturday from St. John in consequence of information received that an attempt might be made to rescue Laspele Langen, who was arrested Saturday noon. Pickets were left on duty all night, but no attempt was made.

Deputies were astir soon after daybreak yesterday. Marshal Cronin having decided that further effort at inducing a peaceful surrender was misplaced, and determined if they would not surrender their fort at Langans to storm it. A posse left here in a wagon soon after 6 o'clock, and drove eighteen miles to the half-breed fort. As it was known that they had mounted scouts watching the direct road the posse struck east, coming on them from an unexpected direction, so they had no time to gather from the outlying country.

The fort was reached at 9:30 o'clock, the wagons being left half a mile in the rear, and the deputy marshals advanced, spreading out so as to command the north and west sides, those being easiest of access. Spades had been brought and the marshals began preparing shallow rifle pits. Marshal Cronin and Indian Agent Hall, leaving their rifles behind, walked up to the fort, the deputies keeping a sharp lookout for any hostile movements should the breeds refuse to talk with Cronin, but told Hall they wanted still further time to hear from Washington. Cronin told them to make up their minds quickly, as he meant to attack them at once.

By 10:30 o'clock Marshal Cronin was ready to begin, when the breeds sent out a message that they wanted to see him. He returned word that they could send one of their chiefs, and they sent Chasseur Lapotreau, who was chief in the raid on the St. John hardware store on Thursday night, when they stole all the guns and ammunition. Lapotreau wanted time to hear from Washington, but was told he was too late. Then he offered to surrender the men for whom warrants were out except Red Thunder, but Marshal Cronin told him that they must surrender absolutely and give him all arms and ammunition, and he should arrest all he wanted. If he did not like these terms the marshals had come there to fight, and were ready. All this time the deputies had been working near by, and now had a temporary cover provided within 150 yards, at which distance the Winchester bullets would easily riddle the logs.

Soon after 1 o'clock the breeds surrendered unconditionally, though it was 2 o'clock before the prisoners were loaded in wagons. Fifty-four guns were found, most of their Winchesters having been hidden, but they can be found later.

Each man was required to write his name on his gun. Only those for whom warrants were already out were taken to town, the others being allowed to go for the present. They are Red Thunder, Joe Langan, Joe Demarcis, Chasseur Lapotreau, Francois Langan, Alex Leroque and Daniel Short. Red Thunder made a desperate resistance when arrested, attacking Deputy Daggett with his knife. It took three men to handcuff him. He is 37 years old, but almost crazy and possessing maniacal strength. While negotiations were pending he had tried to kill one of his breeds for favoring surrender.

Much credit is due to Marshal Cronin for the way this has been handled without loss of blood. A repulse of the marshals would have started serious trouble. Agent Hall is also entitled to much credit for his courage in going among the breeds in the fort counseling submission. About fifteen citizens of Rolla and St. John brought out arms and acted with the marshal.

Chief Little Shell was arrested on the reservation and brought in last night. When returning to the agency after the surrender Agent Hall met a band of 150 breeds and Indians on the way to St. John to reinforce the breeds at Langans. Agent Hall succeeded in persuading them to turn back. If they had arrived while the attack was in progress it might have been unpleasant for the marshals.

Stabbed His Daughters and Himself.

OAKLAND, Cal., May 6.—In the frenzy of a long debauch John Thome, aged 54, fatally stabbed his two daughters, Henrietta, aged 26, and Anna, 22, and then ended his own life. Thome kept a shoe shop and a laundry. He has been half crazy from drink for six months. He reached home after an absence of five days, went to the room where his daughters were asleep, and began slashing them with a common case knife, ground as sharp as a razor. Thinking he had killed them he plunged the knife into his own heart, dying instantly. It is feared both the young women will die.

Stole a Fortune from the Carson Mint.

DENVER, May 6.—United States deputy marshals are looking in this state for the assayer who, it is said, escaped from Carson, Nev., with $80,000 stolen from the mint. It has been learned that a man fully answering the fugitive's description arrived at Kokomo, Col., about five weeks ago, and began investing in mining property. When this man escaped the officers got on his track.

Evidence of Infanticide.

LANCASTER, Pa., May 6.—The dead body of a newly born infant was found floating in Mill creek, not far from this city, yesterday. It was wrapped only in a petticoat and there were no marks of identification. The child had been born alive and had evidently been in the water about twenty-four hours.

Lost his Position.

That really happened to a certain grocer's clerk, because he couldn't induce customers to take an inferior brand of washing powder in place of Pearline. The grocer said, "If you can't sell what I want you to sell, I don't want you."

Now it doesn't take a very wise woman to decide whether this was an honest grocer. And a woman wise enough for that, would be likely to insist upon having nothing but Pearline. There is nothing "as good as" or "the same as" Pearline, the original—in fact, the only—washing-compound. If they send you something else, send it back. 399 JAMES PYLE, New York.

CLEVELAND'S WARNING.

The President's Pertinent Letter to Mississippi's Governor.

THE EVILS OF FREE COINAGE.

The Chief Magistrate Predicts That a Free Silver Platform Would Result in the Defeat, If Not the Disintegration, of the Democratic Party.

JACKSON, Miss., May 4.—Governor Stone gives to the Associated Press a letter addressed to him by President Cleveland under date of April 26. The following is the full text of the letter:

"MY DEAR SIR:—Your letter of the 21st inst is at hand. I do not feel inclined to find fault with your criticism, but think the matters you refer to should be judged in the light of the circumstances existing at the time the things were done. I never had an idea of building up or fostering a personal following, but so far as politics should properly influence me in making appointments I have tried to be Democratic, and not proscriptive.

"I am glad you are frank enough to admit your participation in bringing about a condition in office holding which may not be all that could now be desired. Whether these appointed to places shall in speech and action behave decently towards the administration under which they hold office must remain, to a large extent, a matter of taste and good breeding. There are, however, some officials who devote themselves so industriously to vilification and abuse of those under whom they hold office as to indicate that their fidelity cannot be trusted for the performance of their duties in a manner creditable to the administration, and who apparently assume that they may spend the time they owe the public service in doing political mischief. In the interest of good government such office holders must not be surprised if they are summarily dealt with.

"When I received your letter I had just finished reading a letter of yours in which you explain to the citizens of Mississippi your views on the currency question. It seems to me you have in that letter contributed in the best possible style and in a most valuable way to the fund of argument in favor of sound money. I have never ceased to wonder why the people of the south, furnishing so largely as they do products which are exported for gold, should be willing to submit to the disadvantages and loss of silver monometallism and to content themselves with a depreciated and fluctuating currency, while permitting others to reap a profit from the transmution of prices of their production from silver to gold. I hope this letter of yours will be given the widest possible circulation, especially among our southern fellow citizens and that they will be permitted to see the pitfall which is directly before them who madly rush towards the phantom light of free, unlimited and independent silver coinage.

"If we who profess fealty to the Democratic party are sincere in our devotion to its principles, and if we are right in believing that the ascendency of those principles is a guarantee of personal liberty, universal care for the rights of all, nonsectional, American brotherhood and manly trust in American citizenship in every part of our land, we should study the effects upon our party, and consequently upon our country, of a committal of the national Democracy to the silver arbitration.

"If there are Democrats who suppose that our party can stand on a platform embodying such doctrine, either through its affirmative strength or through the perplexity of our opponents on the same proposition, or if there are Democrats who are willing to turn their backs upon their party associations in the hope that free and unlimited and independent coinage of silver can win a victory without the aid of either party organization, they should deceive themselves no longer, nor longer refuse to look in the face the results that will follow the defeat, if not the disintegration of the Democratic party, upon the issue which tempts them from their allegiance.

"If we should be forced away from our traditional doctrine of sound and safe money our old antagonist will take the field on the platform which we abandon, and neither the votes of reckless Democrats nor reckless Republicans will avail to stay their easy march to power. This is as plain as anything can possibly be. It therefore becomes the duty of every Democrat whoever he may be, to consider what such a victory would mean, and in the light of a proper conception of its result he should deliberately shape his course. Yours very truly,

"GROVER CLEVELAND."

Brice Will Oppose Free Silver.

LIMA, O., May 4.—The Evening Times, edited by O. B. Selforage brother-in-law of Senator Brice, and his official organ at home, says in an editorial: "The free coinage contest has been taken up. Allen W. Thurman, Colonel W. A. Taylor and General A. J. Warner are writing letters endeavoring to secure delegates to the state convention pledged to a free silver plank. Senator Brice gives notice that he will contest the adoption of any such plank."

ROYAL PERQUISITES.

An Attempt to Cut the Duke of Edinburgh's Allowance Defeated.

LONDON, May 4.—In the house of commons last evening a motion made by Mr. Alpheus Morton to annul the annuity of £10,000 paid by Great Britain to the Duke of Edinburgh, second son of the queen, was defeated by a decisive majority, the vote standing 193 against the motion to 72 in its favor. Mr. Morton based his motion on the fact that the Duke of Edinburgh is now a reigning German sovereign, he being duke of Saxe-Coburg and Gotha.

The Duke of Edinburgh succeeded to the throne of Saxe-Coburg and Gotha on the death of his uncle, Duke Ernest. The British parliament had voted to him the sum of £25,000 per annum, but shortly after his accession he renounced £15,000 of the sum, but desired to draw the remaining £10,000 yearly. Mr. Labouchere wanted to discuss the question of the payment of this £10,000 in the house of commons, but was informed that the opportunity to do so would not be afforded. Mr. Labouchere then asked leave to move the adjournment of the house in order to debate the intention of the government to continue the payment, but only thirty-eight members supported him. A division was claimed, with the result that leave to move was refused by a vote of 177 to 59.

Later in the session the government was asked whether it was in his private capacity as a British subject that Duke Alfred would receive £10,000 a year from Great Britain. The solicitor general replied that the duke received the annuity as persona designata, under the acts of parliament, which did not distinguish between his capacities. The duke is an admiral of the fleet in the British navy, and a short time ago was elected an elder brother of the Trinity house. He retains his place in the navy list, without pay and without capacity for active service, as a mark of honor for his long and distinguished services.

A Big Bridge Blown Away.

SIOUX FALLS, S. D., May 4.—West Sioux Falls, a suburb three miles from here, and very pretty, presented a forlorn appearance. Late yesterday afternoon a cyclone dropped to earth and after devastating a mile square went into the air again. The big iron bridge was tossed into the river, a big resort of questionable character was unroofed and twisted, the carriage works, two buildings and 100 completed buggies were wrecked. The Chain Mortising works, a brick three story building, 300 by 75 feet, lost the whole third story. The oatmeal mill and water works pump house was unroofed. Barns, trees six inches in diameter, sheds, wind mills, chimneys were twisted and demolished. The damage is placed at $50,000.

Cuban Insurgent Defeats.

HAVANA, May 4.—The government forces at Guantanamo have captured Colonel Patricio Corona, one of the insurgent leaders. It is rumored that Juan Vega, another insurgent chief, has surrendered. It is stated that General Antonio Maceo recently sent letters to farmers asking them to contribute arms and money in aid of the rebel cause, adding that he desired to secure the sum of $300,000. He received no encouragement. Aramburo, a rebel chief, has surrendered at Manzanillo. A rebel band appeared on the coast near Bahia Honda in Pinar del Rio, the most western province of Cuba. Troops were dispatched against the band and the rebels were dispersed.

Decided in Favor of Turney.

NASHVILLE, May 4.—The majority in the Tennessee legislature decided on joint ballot last night that Governor Peter Turney was re-elected at last fall's election. H. Clay Evans, the Republican candidate, was declared elected on the face of the returns, but Governor Turney contested the election, alleging fraud and intimidation. A legislative committee was appointed to investigate, and this committee presented a majority and minority report, both on strict party lines. The legislature sustains the majority, and declares Turney re-elected.

Mexican Outlaws Captured and Shot.

COATZACOALCOS, Mex., May 4.—Advices from San Juan Beautista say that five members of a band of Guatamaldn outlaws who have been committing many murders and robberies in that section during the last few months have been captured and shot. A force of armed citizens overtook the outlaws near the town of Saguli, and a fight took place, in which the leader of the brigands, Francisco Bojas, was killed. Five others were captured, and they were shot on the spot.

Chinaman Sentenced to Death.

PHILADELPHIA, May 4.—Lee Gum Yon, the Chinese laundryman who was recently convicted of murder in the first degree for the shooting of Lee Hong Quong, the wealthy Chinese merchant, at his home, 927 Race street, on Nov. 26 last was yesterday sentenced to death by Judge Bregy, the date to be hereafter determined. The prisoner heard the sentence with stolid indifference.

Russian Alliance Unpopular in France.

PARIS, May 4.—The Russian alliance is now found here to be a bore. Nobody cares for the independence of Corea, and every one would be better pleased at bottom that Japan should have it rather than either Russia or China.

STRIKING MINERS ORDERLY.

No Fears of Riotous Conduct in Virginia or West Virginia.

POCAHONTAS, Va., May 6.—The meeting yesterday at this place, will, it is believed, settle the strike. The union men have brought to bear every possible means to induce the miners here to join them. Lawless has complete confidence in the ultimate success of the men. He says that the idea of sending soldiers here is ridiculous; that there is not a single man who would destroy a piece of railroad property as big as a spike, and that law and order will be preserved and the men are all pledged to peace. He appealed to the men to preserve good behavior and to show to the people that the strike was meant only to redress wrongs.

The other speakers, both black and white, gave versions of their grievances, and counselled the preservation of peace, but to unite and fight out for the law and their rights. All seemed to think that the strike would win, whether the Pocahontas men came out or not, but that with their union the field could be won much sooner. They claim that at the present charges for provisions and house rent they could not live at thirty cents per ton for labor.

The meeting, which lasted until night, has put a different phase on the situation so far as the Pocahontas men are concerned. The union men are working hard so that the few remaining men who have not joined will be brought in. The negroes and native whites have been the key to the position here, and it is believed all of these are in the union. The proportion of the miners is fully 60 per cent. negroes, with 20 native white and 20 Hungarians.

The strike has effectually paralyzed business, and travel is suspended except for miners going home. Pocahontas has been very quiet, not a single arrest having been made in the city for a week. The miners say they will hold out for six months if required to win. The action will, it is believed culminate in practically an adjustment of the matter before another day.

Collision in New York Harbor.

NEW YORK, May 6.—The German tank steamer August Korff, Captain Buhner, while proceeding to sea yesterday morning during hazy weather, collided with the German ship August which was anchored off Stapleton, S. I., in ballast. The August Korff struck the August a glancing blow on the port side, abaft the mizzen mast, with such great force that the steamer's anchor pierced the ship's side and broke short off at the shank leaving the lower half of the anchor imbedded in the ship's side. A large hole was stove in the ship's side just above the water line, and a quantity of the vessel's copper was completely torn away. The steamer sustained considerable damage to her bows, and was obliged to return for repairs.

The Miners' Annual Strike.

CINCINNATI, May 6.—With a general strike of all the Ohio coal miners assured for an indefinite period, and indications for a similar condition in West Virginia soon, the manufacturers, railroads and others here are greatly concerned over the prospects for the summer. The river is getting so low that no relief can be expected long from western Pennsylvania, and the situation in the Pittsburg district is not considered much better than in Ohio. There are some who regard the situation as less encouraging than last year, when the general strike prevailed. If the miners and operators had been able to get together at the Columbus conference last week the prospects would have been good for [illegible]

A General Strike Imminent.

SHARON, Pa., May 6.—A general strike among the blast furnace employes in this section is imminent. They are dissatisfied with the advance of ten cents a day all around agreed upon at the meeting of the Mahoning and Shenango Valley Iron Manufacturers' association in Youngstown because the rate is lower than is paid in New Castle. It is probable that a demand will be made for another advance, and if the demand is refused every furnaceman in Sharpsville will strike. Thus far no action has been taken in Sharon and Middlesex, but if there is a strike at Sharpsville the men in both the other towns will follow and [illegible] men will be idle.

The Resignation of Count Kalnoky.

VIENNA, May 6.—Count Kalnoky, imperial foreign minister, whose resignation was reported in these dispatches Saturday night, retired from office in order to give Emperor Francis Joseph a free hand in dealing with the crisis growing out of the denunciation by the papal nuncio at Vienna, of the Hungarian ecclesiastical bills. The emperor yesterday gave an audience to Baron Banffy, the Hungarian prime minister. It is understood that his majesty told the premier that a satisfactory settlement of the crisis must be reached.

Justice Jackson in Washington.

WASHINGTON, May 6.—Associate Justice Howell E. Jackson of the United States supreme court arrived here yesterday from Nashville, Tenn., to participate in the proceedings today in the supreme court incidental to the rehearing in the income tax cases. Hon. Joseph H. Choate and his son and Hon. B. H. Bristow of New York also reached the city last night, presumably to take part in the court proceedings.

Lit the Fire with Kerosene.

BLAIRSVILLE, Pa., May 6.—Mary Murray living on Maple avenue was fatally burned in trying to start a fire with kerosene. The oil can exploded setting the girl afire. She ran down the middle of the street, a pillar of flame. John Connor's hand was burned almost to a crisp in attempting to extinguish the fire.

Killed by Lightning.

GALESBURG, Ills., May 6.—During a storm Fred Conkhite and team were killed at Henderson by lightning. The storm was severe at Abingdon, unroofing a large new wagon factory. Reports from the country state that many barns and cribs were blown down and much minor damage done.

Killed by Exploding Marsh Gas.

HARTFORD, May 6.—Eugene McQuick, 85 years old, was killed yesterday by an explosion of marsh gas in a tall water tank at the city gas works. He was investigating a stoppage of the flow and let a lantern down the tall shaft.

One Miner Killed, Another Fatally Hurt.

ASHLAND, Pa., May 6.—A heavy fall of coal occurred at Knickerbocker colliery, instantly killing Stephen Matsear. His body was covered with several tons of coal and rock, requiring an hour to move it. An explosion of gas at the same mine fatally injured John Lechow, a miner.

Paying Liberally for a Great Disaster.

WEBSTER, Mass., May 6.—Mrs. William Warneks, of this city, whose husband was one of the victims of the steamship Elbe disaster, received a letter from the North German Lloyd officials in this city, accompanied by several blanks to be filled out. The tenor of the letter indicates that Mrs. Warneks will either receive a check or will be the recipient of a pension during her widowhood. The letter states that $175 000 has already been expended for the relief of the surviving relatives of those who went down with the fated steamship.

The Poverty in Cuba.

MADRID, May 6.—General Calleja, formerly captain general of Cuba, has arrived here from Havana. In an interview he stated that he was aware of the beginning of the rising in Cuba and was informed as to the movements of the filibusters in the United States and the separatists in Cuba. He was, however, powerless to prevent the rising in the eastern end of the island owing to the want of organized troops and the scarcity of war material. He had only [illegible] soldiers and 4,000 raw recruits, a force that was not adequate to garrison the towns, let alone to take the field against the rebels. The poverty prevailing in Cuba, he declared, had forced many starving men to join the rebels.

Blixt Gets Life Imprisonment.

MINNEAPOLIS, Minn., May 6.—Claus A. Blixt on Saturday pleaded guilty to the murder of Catharine Ging and was sentenced to the penitentiary for life. Although the trial of Blixt was not expected to occur until May [illegible] the self-confessed murderer decided to plead guilty at once and get his punishment for the heartless killing of Catharine Ging commenced.

High School Students on Strike.

HOUGHTON, Mich., May 6.—The high school class of [illegible] struck in a body this morning. Principal Keeler expelled one member for asking him to resign and the remainder of the class went out. Two of the principals of the department have been hanged in effigy by the pupils. The school board is divided.

Killed His Wife's Lover.

NEW ORLEANS, May 6.—Dr. Samuel P. Schwing killed Dr. Emil Hornat at noon yesterday. Both are prominent citizens of Plaquemine. Hornat was a practicing physician and is acting secretary of the Levert Sanford Manufacturing Company. Hornat, who has a wife and five children, became infatuated with Mrs. Schwing and their love led to a street duel several weeks ago. Hornat being slightly wounded. Yesterday Schwing returned unexpectedly from a business trip and found the couple in a room together. The tragedy followed.

A CATSKILL HOTEL MAN.

From Catskill, N. Y., Recorder.

Mr. Joseph McGiffert, one of our prominent hotel proprietors, has reason to extol the merits of Dr. David Kennedy's Favorite Remedy. In speaking of it to our reporter he said: "I was all run down from kidney and liver trouble, three physicians treated me after the old school methods but I grew worse. 'Why don't you take Dr. Kennedy's Favorite Remedy? It cured me.' So I began its use; the result was I gained daily, and in a little while I was sound and well again. I suppose I have recommended it to a hundred or more of my summer boarders, and in every instance it has done them good."

CLOUDS OF JUNE BUGS.

Thousands of Them Flying About Saturday Night—Killed by the Arc Lights.

The hot weather of Friday and Saturday made the June bugs believe that summer was here and they came out of the ground in swarms. Saturday evening they circled in clouds about the arc lights and so many dashed against the globes and were killed that yesterday morning the ground under and about the lights was strewn with the dead bodies of hundreds and thousands of bugs and thousands more perished in the same way, last night. They invaded the electric cars in such numbers that it was necessary to close the windows. They were a nuisance in the stores and in many houses it was necessary to keep the windows tightly closed in order to exclude the pests.

The annual memorial and patriotic services of the G. A. R., will be held as usual, the Sunday before Memorial Day, in the Free Christian Church. The pastor, Rev. C. M. Winchester, who is chaplain of Gen. Lyon Post, will deliver the address, by a vote of the post at their last regular encampment.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was taken down with pneumonia, succeeding la grippe. Terrible paroxysms of coughing would last hours with little interruption, and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at McMonagle and Rogers' Drug Store. Regular size 50c. and $1.00.

Use It in Time.

Catarrh starts in the nasal passages, affecting eyes, ears and throat and is in fact, the great enemy of the mucous membrane. Neglected colds in the head almost invariably precede catarrh, causing, an excessive flow of mucus, and if the mucus discharge becomes interrupted the disagreeable results of catarrh will follow, such as bad breath, severe pain across forehead and about the eyes, a roaring and buzzing sound in the ears and oftentimes a very offensive discharge. Ely's Cream Balm is the acknowledged cure for these troubles.

Rebecca Wilkinson, of Brownsvalley, Ind., says: "I have been in a distressed condition for three years from nervousness, weakness of the stomach, dyspepsia and indigestion until my health was gone. I had been doctoring constantly with no relief. I bought one bottle of South American Nervine, which did me more good than any $50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely medicine; a few bottles of it have cured me completely. I consider it the grandest medicine in the world." Warranted the most wonderful stomach and nerve cure ever known. Sold by J. E. Mills, Middletown, N. Y.

For every variety and phase of the many diseases which attack the air-passages of the throat and lungs, Ayer's Cherry Pectoral will be found a specific. Its anodyne and expectorant qualities are promptly realized and it is always ready for use.

American Boots in England.

Exporting American boots to England is an achievement to be proud of. But it is an accomplished fact. The labor cost in American boots is less than in England, though the per diem earnings of the American workman are larger than those of his English brother. The American superiority in bootmaking is only the forerunner of much more that is coming.—Pittsburg Dispatch.

A Father's Love.

The *World* has figured it out that the average family of five persons suffers an extortion of $60.48 a year, because of artificial increases in prices, engineered by the Beef Trust, Standard Oil Trust, Leather Trust and similar combinations against the public welfare.

Yesterday's New York *Times* contained two most interesting articles from the pens of Senator Hill and Comptroller of the Currency James H Eckels, in review of Bigelow's "Life of Samuel J. Tilden." Mr. Eckels writes of Mr. Tilden's career as a whole, paying special attention to his financial views and Mr. Hill discusses his achievements as a party leader.

Up at Albany, Republican Senators refuse to take Mr. Lexow at Mr. Lexow's estimate of himself. The *Argus* says that when he "smacks his lips and his mellifluous accents roll out absurdities and voice the Nyack estimate of large public questions, in a way that shows that he, at all events, is a man capable of appreciating at his true worth the Hon. Clarence Lexow," Senator Mullin mutters, "Oh, cork off!" and Senator O'Connor glares at the clock and, "as the Nyack statesman babbles happily along," the Republican Senators leave the chamber to visit with the lunch counter man. Evidently Mr. Lexow isn't appreciated.

THE WOMAN'S MIDDLETOWN ARGUS.

A Bright, Newsy, Cheery Publication, by Middletown's Talented Women.

From the Port Jervis Gazette.

The Woman's edition of the Middletown ARGUS was published on Saturday last, as had been advertised. It was on time to the minute and was ready for the press at 1 o'clock sharp. The Woman's ARGUS is a paper of 20 pages, made up in three sections, properly pasted, and in typographical work it is a production creditable to the ARGUS office.

The good ladies of that enterprising city have just cause for pride over the result of their labors, for the Woman's ARGUS is a carefully edited paper, bright, sound and sensible from beginning to finish, and nearly every line is home production. It is truly a production by local talent and we congratulate the city of Middletown on being the abiding place of so many clever women.

The papers reached town on Saturday evening and are on sale at Mason's. We would advice our readers to secure copies of this very excellent publication. Everybody will want to see the "Daisies" and the "Beaux," and every woman will prize a copy as a souvenir.

The ARGUS will issue a supplement, to-day, containing the many excellent articles that were crowded out of Saturday's publication. The supplement will be given, free of charge, to subscribers of the Woman's Edition on application at the ARGUS office.

Divorced by Judge Brown

Judge Brown, at Newburgh, Saturday, confirmed the report of the referee, and granted a divorce to W. H. Bannister, a young Democratic lawyer, of Nyack, from his wife, Helen H. Bannister, who eloped with a Tarrytown liveryman, named Christie. Mrs. Bannister is a daughter of H. Newton VanKeuren, a wealthy resident of Newburgh, who formerly lived in the town of Crawford.

AT THE COUNTY SEAT.

INCIDENTS AND HAPPENINGS IN GOSHEN.

The Gas Works' Fire—Death of Hiram H. Vandewater—Police Court News—Vocal Society Rehearsal—Flag Presentation To-morrow Night — Men's League—Other Items of News.

(From Our Regular Correspondent)

—A slight fire occurred, about 9 o'clock, yesterday morning, at the gas works. The fire started in the roof of the western corner of the main building. The alarm was promptly sounded and the firemen soon had the flames extinguished. The fire was caused by a spark from the smoke stack.

—Mr. Hiram H Vandewater, an aged and respected colored man, died at his residence on Golden Hill, Saturday evening, aged 71 years and 7 months. For many years he was the trusted coachman of the late Mr. A. S. Murray, of this village, and continued in the employ of the family up to about four years ago, when he became afflicted with rheumatism and has since been unable to perform manual labor. He was a veteran of the late war. His funeral will be held Thursday afternoon, at 2 o'clock from the A. U. M. P. Church.

—Jesse De Freece and Charles Woodhull raised a disturbance on the "Green," Saturday night. Justice Sweezey sentenced them to pay a fine of $5 each or serve 20 days in Goshen jail.

—The Vocal Society will go to Middletown, to-night, to rehearse with the chorus of that city. Trolley car leaves Goshen at 7 o'clock.

—Mr. Abram May is again around after having been laid up a week with illness.

—Hi Henry's minstrels gave a good performance in Music Hall, Saturday night, to a big audience.

—The party of Goshenites who went to Old Point Comfort, Va., last week, returned home last night.

—The entertainment to be given in Music Hall, to-morrow night, in connection with the presentation of the national flag to the Boys' Brigade, will draw a large audience. Admission 10 cents.

—The Village Trustees will meet, to-night, in regular semi-monthly session.

—A meeting of the Men's League, of the Presbyterian Church, was held last night after the services. It was decided to attend the services next Sunday evening in a body. The Boys' Brigade will also be present.

—Eight new members were taken into the Presbyterian Church, yesterday morning, four by confession and four by letter.

—The fountain at the depot has been repaired and the water turned on.

The Traction Company's Busy Day.

The Traction Company did a big day's business, yesterday, the bright sunshine and warm air tempting many to ride to Midway Park and Goshen. During the afternoon six cars, including the big double truckers, were run on the Goshen line and they were crowded to their utmost capacity. In all, over 4,000 passengers were carried.

Nervousness

Is only another name for impure blood, for no person is weak and nervous whose blood is perfectly pure.

When the blood is full of the germs of disease, and lacking in the red corpuscles which give it vitality, when it fails to properly nourish the organs and tissues of the body, what can you expect but that tired feeling and nervousness?

Of course Scrofula, Salt Rheum, Catarrh and Rheumatism are universally recognized as blood diseases, for which Hood's Sarsaparilla, as the best blood purifier, is everywhere acknowled the greatest remedy.

Therefore, as Hood's Sarsaparilla cures all blood diseases, it is the best remedy for that condition of the blood which causes Nervousness.

It is a false idea to think you are curing your nervousness when you are taking a preparation which only *quiets* your nerves! It is like trying to "drown" your sorrows in the flowing bowl. They are *sure to return.*

We wish to make most impressive, then, this truism:

You cannot purify your blood by DEADENING or QUIETING your nerves with opiate, narcotic or nerve compounds. If you take such articles you are only TRIFLING with your troubles. There is SURE to be a REACTION which will leave you worse than you were before.

Why not then, take the true course, follow the bee-line to the state of health, purify your blood and cure your Nervousness by taking

HOOD'S Sarsaparilla

—Mrs. William McMullen arrived from LaGrand, Oregon, on Erie train 8, last evening The funeral of her husband was held at 4 o'clock this afternoon.

—Mr. B. F. Montanye, of Monroe N. Y., was a passenger on Erie train 8, last evening, returning from Rockton, Ill., where he had been called by the death of his brother, Robert D. L. Montanye, who was formerly a resident of Orange county.

—Mr. A. P. Blood, of Ballston, N. Y., who for several years has been in the habit or making occasional visits to Middletown, was in this city, today. He is on his way to Monticello, where he expects to spend a couple of weeks in the hope that a change of air will benefit his health.

—Mr. Roger Conant, of New York city, who has been spending a few days with Mr. and Mrs. Vanamee, sang in the choir of Grace Church, yesterday. During the offertory at the morning service he sang a solo with fine effect. He has a strong, sweet and well trained voice, and has made a special study of church music.

—The Baptist Church paper, *Our Church Herald*, contained yesterday, a letter from Mrs. J. G. Barton, of Detroit, announcing the recovery of her father, Rev. C. J. Page, from a very severe attack of pneumonia. Mr. Page is held in loving remembrance by hosts of friends in this city and the news that he is fast regaining health and strength is good news indeed.

The Wheelmen's Run to Walden.

Twelve members of the Middletown Wheelmen made a run to Walden, yesterday. They left here about 9:30, going by way of Campbell Hall, where they stopped for a short rest, and reached Walden about noon. After dinner at the St. George hotel, they started for home, coming by way of the Montgomery turnpike. The road was not in good condition and the many hills made the ride home a hard one.

Many Cases of Pink-Eye.

A great many people in this city are suffering from pink-eye, which is about as annoying as a petty ailment can possibly be. Many cases seem to have been made worse by the hot weather of the past few days.

THE WOMAN'S ARGUS.

A LITERARY, ARTISTIC AND FINANCIAL SUCCESS.

The Printing Office Story of the Woman's Edition—The Difficulties Under Which the Work Was Done—Busy Women on Publication Day—Selling and Delivering the Papers—How and When the Different Parts of the Paper Were Printed—Some Things We Have Learned About Making Woman's Papers—Notes and Comments.

The ARGUS office has seemed dreary and lonesome, to-day. We miss the "palms and roses" with which the ladies have said in print the office was adorned, Saturday, but most of all we miss the bright faces, the cheery talk and the merry laughter of the ladies of the editorial, reportorial and business staff of the Woman's Edition of the ARGUS, who, on Saturday, ruled supreme at the editors' desks and at the business counter.

It was a busy day for all. During the morning hours editors and reporters were actively engaged putting the finishing touches on the work begun weeks before. Owing to unexpectedly large demands for advertising space, much of the work done in the editorial room was the cutting down of articles that had already been prepared, and in spite of this so great was the pressure for space, that the editors had, at the last moment, to face one of the most difficult, delicate and disagreeable duties that an editor has to perform and decide what articles should be laid over to be printed in the supplement which it was decided should be issued to-day.

GETTING TO PRESS.

In order that the large edition might be printed in time for the girls who canvassed for subscribers to make their deliveries and that out-of-town orders might be filled in good season, it had been decided to go to press at 12 o'clock. It was just an hour later when the last form was put to press, and the first complete copy of the Woman's Edition of the ARGUS was printed. All who know anything of the details of the printers' craft will realize that to get to press with such a paper, within an hour of the appointed time, is a decided achievement, only possible in an office managed by a level-headed foreman, a thorough master of his business and possessed of rare executive ability.

SELLING THE PAPERS.

With the printing of the papers the work of the business manager and the managers of circulation began. The first papers that came from the press were given to Misses Eleanore B. Royce, Anna G. Taylor and Edith Royce, who were waiting for them in their carriage at the office door. They started toward North street, but their Woman's Edition carriage was stopped so often by those who were anxious to secure copies that it was a long time before they reached the corner and in a few minutes the fifty papers with which they had started, were all sold and they were back for more.

Miss Margaret P. Beattie and Mrs. Louise Little Hart started with a big pile of papers in their carriage a few minutes after Miss Royce's carriage had gone and it was not long before they were sold out and were back for a fresh supply.

The girls who were to make the deliveries in the outlying parts of town had been provided with carriages and as fast as possible they were dispatched with papers to deliver and to sell and in the meantime King street, on either side of the office was picketed with news girls, who saw to it that every man who came along was supplied with one or more papers.

GAVE UP THEIR ONLY DIMES.

One well known citizen, who had left his place of business to go to Strack's barber shop for his Saturday afternoon shave, and who had slipped a dime into his pocket to pay for the aforesaid shave, was waylaid before he reached the shop and made to give up his dime for a woman's paper. He had to "hang up" Sergeant Strack for the shave, and though barbers don't like to be "hung up," Mr. Strack was very good natured about it when he heard what had become of the dime that was to have been his, and when he shaved the ARGUS man told him the story. Another man, on his way to the Elberton for a bracer, had to give up the two lone nickels that he "had about his clothes" and went without his expected drink, which shows that among other good things that woman's papers accomplish, they may indirectly do something to check the traffic in intoxicants.

THE PORT JERVIS WOMAN'S PAPER.

Shortly after 1 o'clock, Dr. Hardenburgh came up King street, on his way from the Erie station, with a copy of the Woman's Edition of the Port Jervis *Union* in his hand. When he reached the ARGUS office, he was surrounded by ladies, all anxious for a glimpse of what they seemed somewhat unreasonably to regard as a rival sheet. None of them looked at it long enough to get even a faint idea of its contents, but all agreed that it "wasn't as good a paper as the Woman's ARGUS," and went back to work greatly refreshed and encouraged.

"GETTING A BITE AT TOTTEN'S."

The ladies worked hard all the afternoon attending to deliveries and sales and filling orders from newsdealers, sales agents and others out of town. It was nearly 6 o'clock before the last paper was printed and, their labor over, the tired newspaper women felt at liberty to go to their homes. Most of them had been at the office all day. Very few of them went home to dinner. One woman, whose husband, on very busy days, has a way of sending word home at noon that he will not come to dinner but will "get a bite at Totten's," with a keen appreciation of the fitness of things, sent, at half-past twelve, a message to her lord and master, who, she knew, would be "waiting dinner" for her, that he need not expect her, "she'd get a bite at Totten's."

"ROASTS" ENOUGH FOR ONE DAY.

A young housekeeper, whose good work is to be seen in the illustrations and in many very readable paragraphs, did her marketing on her way to the office and owns to just a little annoyance at finding, when she reached home after the agony was over, that her intelligent domestic had mistaken a leg of lamb for a leg of mutton and had boiled instead of roasting it. What made the blunder still more annoying was that the young housekeeper, in her brief newspaper experience, had developed a decided liking for "roasts."

CAUGHT THE TOWN.

The Woman's Paper quickly "caught the town." Its neat appearance, the illustrations, the quantity and variety of reading matter, and the brave array of advertisements, made a most favorable impression at first sight, and this impression was confirmed and strengthened by a perusal of the paper, when the real excellence of the different articles, the many novel and attractive features and the completeness of its general scope and plan, could be realized and appreciated.

PLANNING THE WOMAN'S ARGUS

It was a very snowy morning some six weeks ago, when one of the editors of the ARGUS called on a member of the Board of Managers of Thrall Hospital and startled her by asking if the Board would like to publish a Woman's Edition of the ARGUS for the benefit of the hospital. The proposition was submitted to a special meeting of the Hospital Board held that afternoon and gladly accepted. Then began the discussion of details. Copies of women's papers that had been published in other places were carefully studied, ideas that seemed useful and features that seemed attractive were noted, while the ladies racked their usually ready brains for bright ideas and special features that would make the Woman's ARGUS different from and better than any woman's paper.

WORK ON THE PAPER BEGUN.

The general scope and plan of the paper having been determined on, articles on all the topics on which it was proposed to touch were solicited from many ladies in this city and elsewhere and assignments made for the preparation of special articles. There was a prompt response from a number of willing and ready pens, and on Monday, April 15th, the first batch of copy was sent to the ARGUS office.

THE PRINTERS' PART OF THE WORK.

All the type-setting for the Woman's ARGUS was extra work, that had to be done over-time, for a daily paper's work, like "woman's work is never done" and each day brought its full share of work on the regular edition of the ARGUS. The first type for the Woman's Edition was set Tuesday evening, April 16th. The ARGUS office, though well supplied with type, has not type enough to run the regular editions of the ARGUS and MERCURY and a special edition of the size of the Woman's paper and it was necessary therefore to stereotype the articles for the Woman's Edition, almost as soon as they were put in type. We were kept well supplied with copy until Monday, April 22nd, when the "hook was bare." The "riot act" was read to the editors, gently, we trust, but certainly firmly, and they were made to understand that unless copy was furnished promptly and in sufficient quantities to keep the "boys" busy, the paper could not be got out. The ladies were equal to the occasion and did some very lively hustling and, from that time on, we were literally deluged with copy.

A TWENTY PAGE PAPER.

It had been planned originally to make a sixteen page paper, but on Thursday it became very evident that sixteen pages would not begin to be large enough, and it was decided to enlarge the paper to twenty pages. The supplement which we issue to-day proves that it would have been the part of wisdom to have printed twenty-four pages, but in this, as in many other cases, hindsight is a great deal better than foresight, and, to tell the truth, the ARGUS office force was working under such new conditions and so entirely in the dark that, to be perfectly honest, it hadn't any foresight at all.

PRINTING THE PAPER.

The Woman's Edition of the ARGUS was printed four pages at a time. The first form,—the tenth, eleventh, fourteenth and fifteenth pages, in the second section—was put to press Wednesday morning. The remaining pages of that section were printed Thursday. The MERCURY, which is usually printed Friday morning, was printed Thursday night. The third section, pages seventeen to twenty, was printed Friday. Pages two, three, six and seven of the first section were got on the press late Friday evening. The force in the composing room worked till 2 o'clock Saturday morning, and the press room force was on duty all night. The first, fourth, fifth and eighth pages of the first section were, as stated earlier in this article, printed Saturday afternoon.

LOOKING BACK.

If the ARGUS office should ever again undertake to issue a Woman's paper, there are many respects in which, profiting by the experience of the past two weeks, it could make the undertaking easier for the office force and for the ladies. The one thing that we would insist on would be that all the copy for advertisements and for all articles, except of a strictly local nature, should be in hand before a line of type was set. As it was, articles that were handed in promptly, were all put in type, while others of equal and possibly greater interest, which were handed in later, were not set up for the simple reason that the typographical possibilities of the office had been taxed to the extremest limit. It was most unfortunate that the articles which appear in to-day's supplement, could not have been published in the regular edition, but the ladies of the hospital are not running newspapers for their health, and there was money in advertisements and not in reading matter, and the preference was given to the ads.

ACKNOWLEDGEMENTS.

The ARGUS force is not sorry that the extra strain of the past few weeks is over. We wish, however, to express our appreciation of the kindness, consideration and cooperation of the ladies, who were quick to recognize that we were working under difficult conditions, and doing the very best that we could, and who, instead of making difficult things more difficult, by insisting on impossibilities, cheerfully sacrificed personal wishes and preferences.

AN ALL AROUND SUCCESS.

The accounts of the business manager cannot be made up until the work of the advertising and circulation committees is completed. It is certain, however, that a very handsome sum will be realized for the hospital, for the Woman's ARGUS has been a business as well as a literary success, and has demonstrated beyond the possibility of doubt that the ladies of Middletown have business capacity, organizing ability and literary and artistic talents of the very highest order.

THE PRESIDENT COMING TO MIDDLETOWN.

The Sick May Receive Medical Services Free of Charge.

The President and members of the European and American Staff of German, English, Irish, Scandinavian and American Doctors of New York city will be at the Russell House, Middletown, on

Tuesday, May 7th,

one day only. The sick and afflicted may consult them without charge during their stay.

If you are incurable they will tell you; therefore invalids must not take offence if they are rejected, as no case will be accepted unless there is a moral certainty of a cure being effected. These Doctors are graduates of the best universities of Europe and America; they are of the highest standing in the medical profession and have had unlimited experience in the treatment of all Chronic Diseases and Deformities. As the latest methods, instruments and appliances of the various schools of both the Old and the New World are familiar to and at the command of this staff of doctors, it is reasonable to believe that in ninety cases out of every hundred a cure can be effected, even when the patients have been given up as incurable by doctors who have had less experience. Do not be discouraged because your doctor cannot give you relief, or even if he tells you that you cannot get well, for it matters not what your disease may be, you can consult the doctors free, and, if curable, they will treat you; if incurable, they will give you such advice as will tend to prolong life and afford you the greatest relief.

The doctor visits Middletown one day each month. Will be at 18 Broom street, Port Jervis, Wednesday, May 8th. Office hours from 10:30 a. m. to 6 p. m.

STORIES OF THE DAY.

By Felicitous Jollying Dr. Talmage Has His Fines Remitted.

Dr. Talmage's gift of felicitous talk saved him $15 in cash and a great deal of humiliation in Brooklyn the other night. The doctor is chaplain of the Thirteenth regiment, and on the occasion of a review he was reminded that there were charged up against him $15 in fines for nonattendance at important meetings. He was asked recently to "settle," but he got Brigadier General McLeer in a corner, and the fines were remitted.

"I ought not to have done it, I suppose," said General McLeer, "but you see it was like this: When I asked the doctor about the first absence, he said: 'Um, yes, I see. July. Certainly, general! I was in New Zealand, you know. That New Zealand is a remarkable country. Beautiful grazing country, general, beautiful! Sheep on a thousand hills! Preached to crowded churches,' and then he told me so much about New Zealand that I knocked one fine off. On the next date he was in Cairo, and he gave me a word picture of Egypt that turned me into an enthusiastic mummy in five minutes. I was so edified that I knocked off another fine. On the next date I think he was in the Holy Land, and I took off the last $5, remitting the whole fine. In the 15 minutes he labored with me I got about $1,000 worth of instruction. But I told him to be more attentive to his duties in the future."—New York Tribune.

Won Through a Bumblebee.

Mrs. Anna Dengelkolb of Hope Church has settled her claim against Paul Scandora for $30. She says he promised to pay her $50 if she would secure evidence to enable him to win a breach of promise case a Hope Church woman had brought against him. She got the evidence, but he did not settle until after she sued him for $50 before Alderman D. J. McGarey.

Scandora was caught in the toils of love by a reputed widow, with one daughter. A bumblebee intervened in a peculiar way, and he broke his promise of marriage. The widow's daughter was with Mrs. Dengelkolb's children gathering roses in their garden. They disturbed a bee which was gathering honey. One of the girls gave a warning cry and called the busy little thing a "hummel bee."

"You'd better not let my ma hear you say 'hammel,'" remarked the widow's daughter.

"Why?" asked one of the Dengelkolb girls.

"Because that is the name of her husband, who's in the old country. She doesn't like him or his name, and she left him," the widow's daughter explained.

Mrs. Dengelkolb's daughter told her mother, and her mother told Scandora. He wouldn't marry the widow, and she sued for damages. A jury awarded her $300, because there was no proof of the existence of the husband in the old country.

Mrs. Dengelkolb agreed to get this for $50. With the aid of Max Schamberg she got official documents confirming the story of the widow's marriage to Hummell and of his existence. With these Scandora got a new trial, and the widow threw up her hands. The bumblebee had turned fortune against her.

Scandora did not want to pay Mrs. Dengelkolb's price, and rather than have trouble about it she knocked $20 off the bill.—Pittsburg Dispatch.

A Tonsorial University.

Philadelphia has a new collegiate institution. It is known as "The Philadelphia Barber College." The faculty consists of two professors, the founder, L. H. Bailey, and his wife, who occupy a small railed off space near the door. The students, of whom there are ten, occupy the center of the big room.

The subjects, as a rule, are queer looking "objects." They are gentlemen of the road. The barber college is a godsend to them, for it saves beer money. Every morning one of the students goes out with a handful of small cards upon which is printed: "Free hair cut and shave! From 8 to 5 o'clock every day. White men only. Come and bring your friends. No. 832 Cherry street. Absolutely free." These he distributes at the various cheap lodging and eating houses in the vicinity.

The gentlemen who receive the cards are not slow to accept the invitation. Some of them are proud to do so, for, as one of them said while he was waiting for a shave: "'Tain't everybody wat kin git his face scraped by a college student and besides have a purty woman a-lookin on fer to see dat de job's done right. See?"

Mrs. Bailey is the instructor. She is a bright little woman, with a mission. "I think, from my personal observations," said she, "that the barber business in Philadelphia needs elevating, and my husband and I are doing our best toward that end."

SPANISH WARSHIP DETAINED.

Her Commander Ignored the Quarantine Station Off Florida's Coast.

TAMPA, Fla., May 4.—Thursday evening the Spanish warship Infanta Isabella steamed past the quarantine station at Mullet Key without paying any attention to the quarantine laws and anchored for the night about ten miles this side. Yesterday the state board of health patrol steamer Germ steamed out to her majesty's vessel, and both then proceeded to the quarantine station, where Dr. Rehmendi informed Commander Francisco Duenas that before proceeding his ship would have to be fumigated and detained at least five days.

The physician aboard the man-of-war presented a clean bill of health, but as they had 175 men aboard Dr. Rehmendi had no alternative but the enforcement of the law. Captain Russell, of the Germ, arrived at Tampa last evening with a sealed packet for Spanish Vice Consul Gavino Gutierrez, from whom the ship expects orders. Serious complications might arise, as among the crew are many newly imported Spaniards. Should a case of yellow fever develop in five days it would necessitate fumigation and longer detention.

The commander is said to have been greatly surprised and incensed. Dr. Rehmendi's course is approved here. Francisco Varona Murias, the correspondendent who claimed he came here for the purpose of joining the Cubans, was advised to leave town. He departed last nigh. Official news has been received that some of the most noted leaders of Port Principe are out in the field, and that the revolution will spread there immediately. Through the same source the death of General Crombet is emphatically denied.

Steamer Wrecked, Seventeen Drowned.

PORT TOWNSEND, Wash., May 4.—News has been received from Kodiak Island, Alaska, on the steamer Arki, that the steamer George R. White, of Seattle, was wrecked in a gale on April 14. Seventeen of the crew were either drowned or frozen to death. Eight reached shore, and still survive. The steamer Kodiak was also wrecked in the same gale, near the same place, but no lives were lost. The George R. White cleared from this port on July 24, 1893, for a year's cruise in the north Pacific ocean and Bering sea.

Alleged Crooked Bankers Freed.

CHICAGO, May 4.—Judge Windes discharged Charles J. and Frank R. Meadowcroft, insolvent bankers, held on eleven indictments charging them with receiving money when they knew their bank was insolvent. Three indictments are still pending against the Meadowcrofts besides the case that has been appealed to the supreme court. The point raised against the eleven indictments was that they had expired, as no attempt had been made to try the defendants in two terms of court.

Iron Workers' Wages Advanced.

YOUNGSTOWN, O., May 4.—Notices have been posted at all the furnaces of the Mahoning and Shenango valleys of an advance in wages from fifteen to twenty cents per day. This was decided upon at the meeting of all the furnace owners in both valleys who are members of the Iron Manufacturers' association, and was in compliance with a promise that wages would be restored as soon as business warranted it.

Their Resignations Requested.

NEW YORK, May 4.—Announcement is made that Mayor Strong has asked for the resignations of Police Commissioners Murray and Kerwin, Republicans. Colonel F. D. Grant and Theodore Roosevelt are to be appointed to succeed them.

Ohio's Bogus Coiners.

CLEVELAND, May 4.—United States Deputy Marshal Haskell, who went to Canton to search Attorney Michener's premises for counterfeit money and tools, returned to Cleveland yesterday. He said that the arrest of the counterfeiters and the finding of their outfit would undoubtedly prove to be the biggest thing of the kind ever unearthed in the state. A large quantity of bogus coin, together with all the tools found in Michener's safe, is now on the way from Canton to this city. Judge Ricks increased Michener's bail to $5,000, and the latter is still in jail.

A Unique Coat of Arms.

There was one Philadelphian who not only invented arms for himself, but new and republican arms, after discarding the ancestral arms of his family. This was Peter Brown, at one time an eminent citizen of Philadelphia.

In 1794 William Priest, an English musician, became attached to the theater in Philadelphia in his professional capacity. In 1802 Mr. Priest printed in London a book entitled "Priest's Travels In the United States," which is now exceedingly rare. The frontispiece to this book is a strange and curious design, entitled "Peter Brown's Arms." In explanation of this frontispiece Mr. Priest says: "Peter Brown, a blacksmith of this city, having made his fortune, set up his coach, but so far from being ashamed of the means by which he acquired his riches, he caused a large anvil to be painted on each side of his carriage, with two pairs of naked arms in the act of striking. The motto, 'By this I got ye.'"

Facts Worth Knowing

In all diseases of the nasal mucous membrane the remedy used must be non-irritating. Nothing satisfactory can be accomplished with douches, snuff, powders or astringents, because they are irritating, do not thoroughly reach the affected surfaces and should be abandoned as worse than failures. A multitude of persons who had for years borne all the worry and pain that catarrh can inflict testify to radical and permanent cures wrought by Ely's Cream Balm. Your druggist has it.

Relief in Six Hours.

Distressing Kidney and Bladder diseases relieved in six hours by the "NEW GREAT SOUTH AMERICAN KIDNEY CURE." What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osgood,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Kincheloe,
Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. Archer, M. D.,
111 So. Oxford St., Brooklyn, N. Y

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

DON'T STOP TOBACCO

It is Injurious To Stop Suddenly

And don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of the use of tobacco you must have some stimulant, and in most all cases, the effect of the stimulant, be it opium, morphine, or other opiates, leaves a far worse habit contracted. Ask your druggist about "**BACO-CURO.**" It is purely vegetable. You do not have to stop using tobacco with "**BACO-CURO.**" It will notify you when to stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you took your first chew or smoke. An ironclad written guarantee to absolutely cure the tobacco habit in all its forms, or money refunded.

Dear Sirs—I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars every day. My whole nervous system became affected until my physician told me I must give up the use of tobacco for the time being at least. I tried the so-called "Keeley Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." [illegible] I commenced using your preparation, and to-day I consider myself completely cured; I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it.

Yours very truly, C. W. Hornick.

TO WHOM IT MAY CONCERN.

This is to certify that I, William S. Sawyer, of Atlantic, Cass County, State of Iowa, having been a smoker of tobacco, bought three boxes of "Baco-Curo" Dec. 21, 1894. Began using same according to directions and can say that I am completely cured of the tobacco habit. "Baco-Curo" is simply wonderful, and I recommend it to all who are slaves to the tobacco habit and wish to be cured. I am happy to say that I have not felt so well in years. That terrible craving which every tobacco user has more or less, has completely disappeared and I feel like a new man. Hoping that this may do some one good and lead them to try this wonderful remedy, "Baco-Curo." I remain, Yours truly,

Wm. S. Sawyer, Atlantic, Iowa.

Eureka Chemical & Mfg. Co., La Crosse, Wis.

Gentlemen—For forty years I used tobacco in all its forms. For twenty-five years of that time I was a great sufferer from general debility and heart disease. For fifteen years I tried to quit, but couldn't. I took various remedies, among others "No-To-Bac," "The Indian Tobacco Antidote," "Double Chloride of Gold," etc., etc., but none of them did me the least bit of good. Finally, however, I purchased a box of your "Baco-Curo" and it has entirely cured me of the habit in all its forms, and I have increased thirty pounds in weight and am relieved from all the numerous aches and pains of body and mind. I could write a quire of paper upon my changed feelings and condition.

Yours respectfully, P. H. Marbury,

WHAT MR. KRAEMER SAYS OF "BACO-CURO."

Atlantic, Iowa, Feb 4, 1895.

This is to certify that I, F. D. Kraemer, of Atlantic, Iowa, was an inveterate smoker of cigarettes for more than two years.

About eight weeks ago I bought three boxes of "Baco-Curo." I began taking it according to directions, and after taking one and one-half boxes, all the desire for cigarettes left me, and I have had no desire since.

I can heartily recommend "Baco-Curo" to all who are slaves to the cigarette habit or tobacco habit in any form, and are in search of a cure. I had become so under the influence of cigarettes, I could not remember anything, could not study, unless under the influence of the drug, which is death in the end if kept up.

Cigarettes are sapping the lives out of more boys and young men to-day, than anything that is known to the world. Boys, before it is too late get some of this remedy that killed the craving for cigarettes in me and save your young life. Restore yourself to manhood. You will feel as though you had escaped an awful doom and you have, when cured by "Baco-Curo," for you feel like a new being. I never felt better in all my life than at this present writing. I did not know what was the matter with me, until informed by the agent. He told me what was the reason I could not do anything, unless under the influence of the death-dealing poison found in cigarettes. I do not believe him at first, until he explained the action on the system. Then I bought the goods and thank God and all concerned I am a sound person to-day. Hoping that this may reach the unfortunate cigarette smoker, I remain,

Yours respectfully,
F. D. Kraemer.

SOME INDUCEMENTS.

Anything Was Better Than Having the Servants Leave.

"My dear, have you notified the servants that we shall not go to Newport this season?"

"Yes, John; I told them that we were to remain in New York and extended to them a hearty and cordial invitation to remain with us."

"And they said they would?"

"If we made it an object."

"In money?"

"Oh, no. They've got enough of that. What they wanted were freedom and recreation. I went to work and arranged all that."

"Good. I notice the grand piano is gone"—

"Yes. It's below stairs for their especial use."

"And a wagon load of yellow covered books was emptied at the lower door."

"Yes. Those are erotic and realistic novels to stock the butler's larder."

"And what's that sort of stage in the back yard?"

"That's for their regular Thursday afternoon vaudeville teas, with imported musical talent especially secured for the occasions."

"Ah! Very good. And that four-in-hand stopping at the lower door?"

"It will stop there and give them an outing every Tuesday and Friday throughout the summer."

"Ah, really! Anything else?"

"Well, I engaged the Hungarian band for their regular Sunday night sacred concerts on the roof"—

"Nothing more?"

"And gave the chambermaid the key to the wine cellar."

"Still something?"

"I put pachouli scent bags in the cook's pillow and decorated the coachman's apartment with $2 orchids."

"More yet?"

"Nothing except to tell my French maid that the servants are to have the first pick out of our wardrobes and that we will get along through the summer on what is left."

"Well, they ought to be satisfied with that."

"But they aren't."

"Impossible!"

"Fact, my dear. They have formed a combine and threaten to leave in a body unless I promise faithfully"—

"What, for heaven's sake?"

"In case the maharajah of Jeypore or his highness the Prince of Wales should happen to come to America this summer and, moreover, become our guests for more than an afternoon call I must ask the royal personages down to meet their brother and sister rulers below stairs."

"And you gave in?"

"No, I drew the line at that."

"Don't do it, my dear. Give in, by all means. What are a thousand royalties to a good cook? Give in and save us from utter starvation, I beg of you. I will write them a formal note of thanks with 18 carat gold ink on crested white silk for not compelling us to move entirely off the earth. How grateful I am! Excuse these tears. They are of joy and gratitude. Thank heaven we're living!"—New York World.

BOARD OF WATER COMMISSIONERS

Regular Meeting, Saturday Night—Much Important Business Transacted—A Proposition to Bond for Extension of Mains Voted Down—The Houston Claim Referred to a Committee.

A regular meeting of the Board of Water Commissioners was held Saturday evening, all the members being present. Ex-President Jesse W. Canfield was present to audit several bills of the old Board, and took occasion to thank the present Board for the very complimentary resolutions regarding himself, passed at the last meeting.

H. W. Wiggins, Esq , appeared before the Board in regard to the claim of the Houston estate. He explained that the claim was for diverting the water from the brook at the pumping station, and informed the Board that they must act in the matter or litigation would follow.

Superintendent Van Duzer will flush out the sewers some moonlight night. Due notice will be given in the city papers.

The clerk announced that Mr. Henry R. Corwin had settled a disputed bill.

Mr. Fellows was appointed a committee of one to confer with Mr. Galen Otis, concerning a claim of $50 for damages done his property during the past ten years.

Upon motion of Dr. Douglas, the following resolution was adopted:

The clerk will report to the inspector all cases where property is reported vacated for a length of time, who will report back to the Board at the next regular meeting, when a rebate may be given in the discretion of the Board.

The residents of Watkins avenue petitioned for an extension of the water mains to that street.

The Clerk was instructed to inform the Thompson Water Meter Company that when they furnished an indemnity bond from some guaranty company, their bill would be paid.

The Strait claim was settled for $25

CAPACITY OF THE RESERVOIRS.

Mr. Fellows reported that the surveys of the two reservoirs had been made by Mr. L. F. Olney. The total storage capacity of Monhagen Lake is 295,000,000 gallons, and that of 317,000,000. The amount now stored is 509,000 000 gallons.

Dr. Douglas reported that to move the house at the reservoir and fix it, would cost $990 A new one could be built for $750 The old house was ordered nailed up.

EXTENSION OF MAINS.

Mr. Fellows announced that there are now before the Board some twenty petitions, asking for extension of water mains. He thought the taxpayers should be asked if they wanted to bond for the purpose.

Mr. Stratton thought the water tax receipts should be sufficient for the purpose.

Dr. Douglas thought it an inopportune time to bond owing to the passage of the "School Department Act," and said that if the Board went before the taxpayers with a bonding project it would be votod down.

Dr. Douglas spoke in favor of discontinuing the pumping station for the present, as there was a sufficient quantity of water on hand for the coming year, and with the funds thus saved $8,000 to $10,000 worth of pipe could be laid without going before the taxpayers for money. He also made a motion that the cement mains be taken out of certain streets.

Mr. Rogers said that he appreciated Dr. Douglas' remarks about the school department, but added that this Board was elected to look after the water and could best serve the city by attending to that department.

Mr. Fellows thought it would be a mistake to stop pumping in order to extend the mains. The pumps should be run until we secu e an additional supply of water.

BONDING SCHEME DEFEATED.

Mr. Fellows finally moved that the Common Council be asked to call a meeting to decide whether the city will bond for $30,000. Mr. Rogers seconded it but their's were the only affirmative votes, the other three members voting no.

A tilt between the President Boak and the minority followed, caused by the President's endeavor to stop the discussion of the question after the motion had been lost.

THE HOUSTON CLAIM

Messrs. Douglas and Rogers were upon motion of Mr. Fellows, appointed a committee to confer with Mr. Wiggins in regard to the Houston estate claim for damages.

City Attorney Wiggins sent an opinion that a majority of a quorum could transact any and all of the Board's business.

Mr. Fellows's motion to rescind the three votes resolution was tabled.

It was voted to engage Smith & Olney, civil engineers, to make resurveys of the Shawangunk Kill water sheds, Messrs. Fellows, Rogers and Douglas voting aye, Messrs. Stratton and Boak voting no.

On motion of Dr. Douglas, it was voted to lay iron pipe in place of cement pipe, as follows: East Main street, 1,100 feet, King street, 325; Cortlandt street, 585; Union street, 300; Robert street, 1,000 feet, at a cost of $4,617.86.

FIREMEN VISIT BINGHAMTON.

Bearing a Gift From Excelsiors of Middletown to Excelsiors of the Parlor City.

Messrs J. E. Gibbs, L W. Wilson' E. W. Van Duzer and A. E. Nickinson, the committee from Excelsior Hook and Ladder Company, which went to Binghamton, Saturday morning, returned home on Erie train 8, last evening, well pleased with the trip, and loud in their praise of Binghamton firemen, by whom they were royally entertained. Mr. Geo. Decker, the other member of the committee, went to Penn Yan to visit relatives.

Upon their arrival in Binghamton, Saturday afternoon, the members of the committee were met by a delegation from Excelsior Hook and Ladder Co., of that city, and were escorted to the Hotel Bennett, where they were quartered during their stay in the Parlor City. After dinner, a visit was made to the truck house, where a special meeting of the company was held.

Mr. Geo. H. Decker, in behalf of of the Middletown "Hooks," presented the handsome parlor lamp which the committee had taken with them as a memorial of the pleasant visit of Middletown Excelsiors to Binghamton, last fall.

The gift was accepted by the President of the company, Mr. Frank Stewart, and a pleasant social hour followed.

Yesterday morning, the party was driven all over the city, and a visit was made to the State Hospital for the Insane, a most magnificent plant. The thanks of the committee for its most cordial reception and entertainment are particularly due to Foreman Bullis, Secretary Sachs and Messrs. Ledington and Acker, who saw ~~that~~ nothing was left undone in the way of attention to the wants of the visitors.

OBITUARY.

Arthur E Cortright.

Arthur E. Cortright died early Sunday morning, at Thrall Hospital of pneumonia. Deceased came from Port Jervis, three months ago, and opened a barber shop in the Hotel Neville. He was poisoned several weeks ago by eating canned lobster, and some members of the Y. M. C A. in this city became interested in him and had him removed to Thrall Hospital. A few days ago pneumonia developed and caused his death as above stated.

Mr. Cortright was 24 years of age and was the son of Mrs. Sarah A. Cortright, a widow, who conducts a dressmaking business in Port Jervis.

Deceased appeared to fully appreciate the efforts of the members of the Y. M. C. A , and under their care and influence was converted,

The funeral will be held Tuesday afternoon, at 2 o'clock, from the First Baptist Church. Interment in Hillside cemetery.

Frances G. Ritter.

Frances G., only daughter of Mr. and Mrs. Oscar Ritter, died, Saturday night, after one day's illness. She was a very bright and interesting child. Everyone that knew her loved her. She has two little brothers, Edward O. and Stanley.

Mrs. Patience Bannister.

Mrs. Patience Bannister died at Newark, N. J , Saturday, May 4th, aged eighty-one years.

She was the widow of the late O P. H. Bannister, who died at New Vernon, one year ago. She was a woman of exemplary character, and loved and esteemed by all who knew her.

The remains were brought to this city on Erie train 1, this morning, and the funeral was held at 2 o'clock, this afternoon, at the home of her daughter, Mrs. J. S Conkling, on Monhagen avenue. Interment at New Vernon, N. Y.

Judge Brown Orders Another Release From Matteawan Hospital.

Judge Brown, on Saturday, ordered the release of James P. Haughey from the Matteawan State Hospital, two physicians having testified that he was not insane, but that he was physically ill and needed fresh air and rest. The hospital physicians claim that Haughev is still insane.

To Discuss the Annual Parade.

The regular monthly meetings of fire companies will be held, this evening; as the matter of an annual parade will be discussed it is desired that there should be a good attendance at all the company meetings.

His Injuries Are Fatal.

Mr. Allan Marsh, of Port Jervis, who was injured in the accident at Goshen, a week ago, will probably die, being very severely injured internally.

DEAD BY HER OWN HAND.

Mrs. James Rosencrans Puts a Bullet Into Her Brain to End Her Physical Sufferings.

Special Dispatch to the Argus.

Bridgeville, Sullivan Co , N. Y , May 6—Mrs. James Rosencrans committed suicide at her home at Rock Hill, near McKee's pond, yesterday morning.

She managed to secure her husband's revolver and put a ball through her brain, causing instant death.

Mrs. Rosencrans was about fifty years old. She formerly lived in New York, but recently came to Rock Hill, hoping to be benefitted in health by a change.

The only cause that can be assigned for the act is her ill health, as her domestic relations were pleasant. She leaves a husband and several children.

THE WOMEN EDITORS' LAST WORDS.

A Postscript for Which There Was Not Room Even in the Supplement

This has been a lively week, but the management of the Woman's Edition of the Argus. Pens, pencils, hands, brains and feet have all been busily engaged in the noble work of charity.

From its beginning, the outlook from every point of view was most encouraging. The advertising portion of our city responded cheerfully, readily, and in many instances nobly to the requests made of them by city advertisers.

As for the general contributions to the paper, they have astonished even the most sanguine. The fear in the beginning was that there would not be enough contributed to fill the number of pages decided upon in planning the paper. The results have not only dispelled that fear but have proved most astonishing in the opposite direction. Reams and leagues of matter have been received from every part of the city and many of the adjoining counties; therefore some decision was necessary to solve the problem of accepting and rejecting articles sent, and it was therefore decided to make the rule "first come, first considered," the rule and motto of the office. Much regret is felt that the lack of space debarred many valuable and very interesting contributions from the paper.

Taken as a whole, the enterprise has proved most satisfactory, and as a financial undertaking, all indications point to a most gratifying and successful end.

A FATHER'S BRUTAL ACT.

Angry at His Wife, He Smashes the Face of His Little Son With a Stone.

Mrs. Hiram Brown, who lives near the new reservoir, appeared before Justice Powelson, this morning, and swore out a warrant for her husband, "Hipe," for an assault committed, yesterday, upon their year-old son. "Hipe" became angered at his wife and, according to her story, he picked up a stone and hurled it at her, but hit the little fellow. The missile struck him on the bridge of the nose, making an ugly gash, bruising and discoloring the face and nearly closing both eyes. The child was brought to this city where its wounds were dressed by Dr. Emory. The warrant was issued and "Hipe" was captured by Constable Knapp, and will be held to await the action of the Grand Jury.
